Latest NBI Olympus Endoscopes at Digestive Health

The Digestive Health Centre is proudly committed to advances in gastrointestinal endoscopy, always at the forefront of new technology in our field. A recent Gastroscopy and Colonoscopy Olympus workshop at Epworth Hospital, Richmond, was very well attended by 4 of our Gastroenterologists. This showcased the latest Olympus NBI (Narrow Band Imaging) and Zoom endoscopy features. The Digestive Health Centre proudly owns 3 NBI Gastrosopes and 3 NBI Colonoscopes which assist in identifying and characterising suspicious areas found at Gastroscopy and Colonoscopy. These include: Barrett's scarring from chronic reflux, gastric intestinal metaplasia (scarring from chronic gastritis), dysplasia (pre-cancerous cells), and early stomach cancer; colon cancer (bowel cancer), and colon polyps (bowel polyps).

NO WAIT LIST for National Bowel Cancer Screening Patients

NATIONAL BOWELCANCER SCREENING PROGRAM

Our Guarantee to you:

NO WAITING for your patients with a positive FOBT as part of the National Bowel Cancer screening program. The Digestive Health Centre will guarantee ALL positive FOBT patients will be offered a colonoscopy WITHIN a week!

New Paediatric Gastroenterologist - Dr. Rupert Hinds

The Digestive Health Centre would like to welcome Dr. Rupert Hinds, Paediatric Gastroenterologist, to the team. Rupert commenced working as Paediatric Gastroenterologist at Monash Medical Centre in March 2009. Prior to this he had worked in the UK as a consultant at King's College Hospital and St. Thomas's Hospital in London from November 2004.

Would you like an Educational Lunch time visit to your practice?

One of our Gastroenterologists would be delighted to visit your medical centre to discuss common digestive health conundrums facing general practitioners.

Please contact Christine Park, on 9791 8788, our GP liaison officer to book your meeting.

It would be our pleasure to bring lunch!

MASTER CLASS SERIES 2010

MASTERCLASS SERIES 2010

Our 2nd specialist series of GP Health Screening Masterclasses was held at Fedele's on 3rd August. Guest speakers included Dr David Rubinstein (Gastroenterologist), Dr Kira Michalova (Ophthalmologist), Dr Daniel Moon (Urologist).

For future invitations please send us your email at our website <http://www.digestivehealth.com.au/newsletter.htm>
